500L Trough

The roller lick ball and trough, are suitable for light mix feed supplements. It controls feed intake and stops livestock from falling in. Easy to relocate and robust construction.

Transport Tanks

We produce a range of transport tanks suitable for cartage of either water or molasses. Our transport tanks are made thicker to withstand the higher density product. We can also have fittings welded into the tank so they don't corrode.

Industrial & Molasses Tanks

Tanks Direct molasses and industrial tanks are industrial grade poly tanks designed to hold molasses with a specific gravity of 1.5—the highest grade of molasses. Built to an engineering standard, all molasses tanks are made thicker than water tanks to withstand the higher density product.

Range from 500L - 50,050L

380mm Long
390mm Wide
240mm High

Feeder Bowl

This feeder bowl is a great size, and can be used as a water dish next to the stylish kennel or even add a couple of brackets and hang on the fence for your livestock.
